

Usage Instructions:

Installation Steps:

1. According to the purchased product model, drill a mounting hole on the game console panel with an aperture specification of 24mm or 30mm. The panel thickness shall not exceed 5mm.
2. Insert the product smoothly into the pre-drilled mounting hole, ensuring secure and tight fitting.
3. Finally, connect the appropriate cables correctly to the two pins of the product to finish the installation.

DANGER

Warning: This product is not intended for children. Do not consume. Ingestion can lead to severe health risks.
